

INK COMPATIBILITY

3608 DuraSOL™ is a 12 mil, semi-rigid, PVC display film with a "low glare," satin finish and an instant dry, scratch resistant coating. The durable construction features tear resistant PVC intended to be used unlaminated to create a durable trade show or rollup panel; engineered to withstand repeated rolling in portable display units without cupping, warping or scratching. DuraSOL™ 3608 is compatible with solvent and UVC printers.
