

# Specification Sheet

Product name: FOAMEDGE

Product Description					
FOAMEDGE is an extruded polystyrene foam board both sides laminated with white card paper.					
Project	Unit	Index			
Materials	/	Polystyrene, Both sides 210g paper			
Width	ft/mm	4' / 1220mm			
Length	ft/mm	8' / 2440mm			
Color	ft/mm	White			
Product Code	Standard Thickness (inch/mm)	Approx. NT WT (kg/sheet)	Quantity (pcs/ctn)	GS WT (kgs/ctn)	Volume (CBM/ctn)
FOAMEDGE-5	3/16"(5mm)	1.85kg	25pcs	50.25	0.43CBM
FOAMEDGE-10	2/5"(10mm)	2.45kg	12pcs	33.40	0.41CBM
FOAMEDGE-12	1/2"(12mm)	2.68kg	10pcs	30.80	0.41CBM
Features	Application			Processing	
1. Smooth, Light-weight. 2. Excellent flatness. 3. Dimensional stability. 4. Durable. 5. Good thermal insulation and soundproofing.	1. Advertisement: exhibition & display, UV flat & silk screen printing, sign board, etc. 2. Finishing Material: decorative sheets, storage racks, room segments, etc. 3. Industrial Application: thermoforming products, refrigeratory warehouse project, environmental protection.			1. Suitable for cutting, trimming, and shaping using CNC engraving machines, utility knives. 2. Can be drilled, routed, or assembled into multi-layer structures.
