3208 QuickSTICK™ SLU matte is a repositionable and removable adhesive textile product made of woven polyester. Sihl's 3208 has been enhanced for Latex printer platforms, while still maintaining superb imaging quality on eco solvent/light solvent platforms as well as full solvent and UV printer platforms.

QuickSTICK™ features a durable front side coating that allows for maximum graphic definition while also being scratch resistant, and a removable adhesive that allows for easy application yet removes without leaving any residue. Short term outdoor applications also benefit from the durability and flexibility of QuickSTICK™.
